Docket No. 98N-1265

Food and Drug Administration APR -8 A9:55
5600 Fishers Lane
Rockville, MD. 20857

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: I have been receiving natural Testosterone
for menopausal symptoms from Madison Pharmacy Associates as
prescribed by my physician in California. The individualized
selection of the hormone & the flexibility to determine the
right amount for my needs has been invaluable. I
would find my health needs compromised without the ability
to receive individually compounded medicines that are based
on my unique health needs from this out-of-state pharmacy.
I request my right to choose where & how I get the
medications I need without government intervention.
Thank you for considering my interest.
